

Field Scientific / Jellyfish Software Privacy Policy

The information that you submit to Field Scientific through our Jellyfish Software website is strictly for our use in providing services to you. We do not sell your information to third parties. The only information you should receive from us by email will be regarding your account or regarding improvements or upgrades we make to our software. We may ask for your input on software features.

Secure credit card transactions are handled by Paypal. Field Scientific provides secure passage of user information to the Paypal secure site for payment and returns only transaction information. Your credit card information is not passed to Field Scientific and is protected by Paypal's Security Features. Please see the Paypal.com website for details regarding your information privacy and security while you are carrying out your Jellyfish subscription payment.

Information Collection and Use

Field Scientific may disclose User information if required to do so by law, or if Field Scientific has a good faith belief that disclosure is necessary to (1) comply with the law or with legal process served on Field Scientific; (2) protect and defend the rights or property of Field Scientific; or (3) act in an emergency to protect someone's safety.

IP Addresses

An Internet Protocol (IP) address is a unique string of numbers that is assigned to a computer by an Internet Service Provider. Web servers automatically identify computers by their IP addresses. Field Scientific will use IP addresses to help diagnose problems with our server, and to administer our Site.

Cookies

A "cookie" is a small line of text that is stored within a Web browser for record-keeping purposes and to help us provide better service to our Users. We use cookies to save information like a User's password so the User does not need to re-enter it each time he/she visits our Site, and to deliver content specific to a User's interests. User's browsers can be configured to accept, reject, or provide you with notice when a cookie is sent.

Protecting Personal Information

User Options

If Users do not wish to receive information from Field Scientific, they may decline to receive it after receiving the registration verification email by replying with "UNSUBSCRIBE" in the subject line when providing personal information to Field Scientific (Please see Terms and Conditions for information about terminating a Jellyfish subscription). Users may also contact Field Scientific by postal mail or email at the addresses listed below.

Security measures

Personal information will be password-protected. Users should take appropriate measures to protect the secrecy of their password. If a User shares a computer with others, he/she should remember to sign out and close his/her browser window when finished with a Field Scientific session.

Field Scientific has security measures in place to protect the loss, misuse and alteration of the information under our control. These include a firewall to prevent unauthorized access to our systems and maintenance of registration information in a separate database. Although we will

exercise reasonable care in providing secure transmission of information between your computer and our servers, we cannot ensure or warrant the security of any information transmitted to us over the Internet.
